University of Pennsylvania Press. 1 Paperback(s), 2007. soft. Book Condition: New. Neither as homogenous as Puritan New England nor as demarcated as the slaveholding South, the richly diverse mid-Atlantic region of Pennsylvania, Delaware, and New Jersey became highly politicized in the Revolutionary period along religious, racial, and ethnic identities, observes historian Liam Riordan. While Quakers in Burlington, New Jersey, remained suspect after the war because of their pacifism, newly freed slaves in New Castle, Delaware, demanded full inclusion, and bilingual Pennsylvania Germans struggled to create a central place for themselves in the emerging nation. Exploring architecture, folk art, clothing, and music as well as personal papers, newspapers, and local records, Riordan offers a new understanding of how cultural identity underlaid the early Jacksonian society of the 1820s as a culmination of the American Revolution in this region. 353.
