London became a socialist and his writings reflect this change in his political views. He is best known for his novels The Call of the Wild and White Fang. Star Rover was published in the United Kingdom as The Jacket. It is a series of short stories loosely joined together. This story of reincarnation centers on Darrell Standing who is a university professor serving a life sentence in San Quentin for murder. Prison officials use the jacket (a torture device) to try and break his spirit. Standing uses a trance state in which he wanders around the state experiencing past lives as a means to withstand the torture. This novel is unlike any other written by Jack London. \*\*\*\*\* Print on Demand \*\*\*\*\*.
