

## Women Entrepreneurship On Household Food And Nutrition Security

---

By Manjula Kola

LAP Lambert Academic Publishing Mrz 2016, 2016. Taschenbuch. Book Condition: Neu. 220x150x6 mm. Neuware - In recent years women are contributing to major portion of their families' income. Since most of the activities such as production, processing, storage, sales, purchase and preparation of food are carried out by women, their role in the improvement of the family nutrition, in particular and community nutrition in general cannot be ignored. Women's income may be an important determinant to influence their family nutritional and health status by attaining food and nutrition security. This book provided an overview on women entrepreneurs and their contribution towards improving the food and nutrition security of their families. 92 pp. Englisch.

### Reviews

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
